

Minutes  
Public Hearing & Special Meeting  
Chaplin Historic District Commission  
August 2, 2016, Chaplin Library

Chair Paul Peifer opened the public hearing at 7:08 p.m. Other members present were: Diane Cox, Warren Church, Kitty LeShay, Catherine Smith (alt).  
Guests: Paul Siege, James Burrows

James Burrows presented an application for a certificate of appropriateness for construction of a wood shed at his property at 342 Phoenixville Rd. The shed, which is located on the right hand side of his driveway, would be 5 feet wide by 30 feet long by 10 feet high. Mr. Burrows presented several photos of a similar shed and drawings of the proposed shed and described his plans. The Commission members and guests also viewed a sample of the corrugated metal that he proposes using for the roof. Corrugations are 9 inches apart and will have a bronze or gray finish. The shed will be built on 5 concrete piers and will be open on one side. The wooden vertical siding will have 1 inch gaps between the slats to allow for air flow to dry the wood stored inside. The interior will have a gravel base. C. Smith suggested the possibility of plantings on the gable end of the shed which faces Rt. 198 for aesthetic reasons.  
A number of questions were asked and comments made before the hearing was closed at 7:32 p.m.

Chair Peifer read parts of a letter written in 1982 by John Boland, then town attorney, about restrictions of the deed of the Museum building lwhich had formerly served as the Chaplin Town Hall. For a number of years the Selectmen have proposed moving that building down the street next to the Chaplin Library.
