INDEPENDENT AUDITORS' REPORT

The Board of Finance
Town of Chaplin, Connecticut

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Chaplin, Connecticut (the Town), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town, as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and other postemployment benefits, on pages 4-10 and 47-51 respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The accompanying combining nonmajor governmental and fiduciary fund financial statements, report of the property tax collector, capital project fund balance schedule, and the Schedule of Expenditures of State Financial Assistance as required by the State Single Audit Act, collectively "Supplementary Information" are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2023, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

TOWN OF CHAPLIN, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023

Our discussion and analysis of Town of Chaplin, Connecticut's (the "Town") financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2023. Please read it in conjunction with the Town's financial statements, which begin with the Government Wide Statement of Net Position on page 11.

FINANCIAL HIGHLIGHTS

The following are the Town's significant financial highlights for the year ended June 30, 2023:

- Total net position *decreased* by \$40,006 from operations.
- Total fund balance *decreased* by \$102,594. This is net of a \$4,992 *increase* in the General Fund, a \$136,362 *decrease* in the Capital Projects Fund, a \$367 *decrease* in the Educational Grants Fund and an overall \$29,143 *increase* in Other Governmental Funds.
- General Fund unassigned fund balance is approximately 83% of that fund's total fund balance.
- The Town had a final fiscal-year 2023 expenditure budget totaling \$9,646,513 (including additional appropriations of \$150,000). Total revenues came in \$60,336 *ahead* of budget. Total expenditures came in \$199,119 *under* budget.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. Fund financial statements start with the Governmental Funds Balance Sheet. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the Town government.

TOWN OF CHAPLIN, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023

Reporting the Town as a Whole

Our analysis of the Town as a whole begins with the Statement of Net Position (Table 1). One of the most important questions asked about the Town's finances is, "Is the Town as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities (Table 2) report information about the Town as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Town's *net position* and changes in them. You can think of the Town's net position—the difference between assets and liabilities—as one way to measure the Town's financial health, or *financial position*. Over time, *increases* or *decreases* in the Town's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Town's property tax base and the condition of the Town's roads, to assess the *overall health* of the Town. In the Statement of Net Position and the Statement of Activities, the Town shows the following activity:

- Governmental activities—The Town's basic services are reported here, including education, public works, public safety and general government. Property taxes, state and federal grants and local revenues such as fees and licenses finance most of these activities.

Reporting the Town's Most Significant Funds

Our analysis of the Town's major funds begins in the section titled "The Town's Funds". The fund financial statements provide detailed information about the most significant funds—not the Town as a whole. Some funds are required to be established by State law and by bond covenants. However, the Board of Finance establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The Town's uses governmental funds to report on all its funds:

- *Governmental funds*—The Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified* accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in a reconciliation following the fund financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023**

The Town as a Whole – Governmental Activities – Statement of Net Position

Table 1 - Net Position

| | Governmental Activities | | Increase (Decrease) |
|---|----------------------------|----------------------|------------------------|
| | 2023 | 2022 | |
| Current and other assets | \$ 5,184,118 | \$ 4,812,060 | \$ 372,058 |
| Capital assets, net | 9,901,108 | 9,898,378 | 2,730 |
| Total assets and deferred outflows of resources | <u>\$ 15,085,226</u> | <u>\$ 14,710,438</u> | <u>\$ 374,788</u> |
| Other liabilities | \$ 1,059,209 | \$ 655,021 | \$ 404,188 |
| Long-term debt outstanding | 647,936 | 674,803 | (26,867) |
| Total liabilities | <u>1,707,145</u> | <u>1,329,824</u> | <u>377,321</u> |
| Deferred inflows of resources | <u>282,011</u> | <u>-</u> | <u>282,011</u> |
| Net position | | | |
| Net investment in capital assets | 9,826,222 | 9,898,378 | (72,156) |
| Restricted | 149,562 | 480,372 | (330,810) |
| Unrestricted | <u>3,120,286</u> | <u>3,001,864</u> | <u>118,422</u> |
| Total net position | <u>13,096,070</u> | <u>13,380,614</u> | <u>(284,544)</u> |
| Total liabilities, deferred inflows of resources, and net position | <u>\$ 15,085,226</u> | <u>\$ 14,710,438</u> | <u>\$ 374,788</u> |

As indicated in Table 2 – Change in Net Position, the net position of the Town's Governmental Activities *decreased* \$40,006 from operations from a year ago. Current and other assets in Governmental Activities *increased* \$372,058 from the prior year, primarily due to an increase in taxes receivable. Capital assets *increased* by \$2,730 due to capital asset additions exceeding yearly depreciation. Long-term debt outstanding in Governmental Activities *decreased* \$26,867 due to a decrease and correction of compensated absences (*see Note 15*).

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023**

The Town as a Whole – Combined Statement of Activities

Table 2 - Change in Net Position

| | Governmental Activities | | Increase (Decrease) |
|---|----------------------------|----------------------|------------------------|
| | 2023 | 2022 | |
| Revenues | | | |
| Program revenues | | | |
| Charges for services | \$ 257,443 | \$ 185,663 | \$ 71,780 |
| Operating grants and contributions | 3,229,283 | 2,670,218 | 559,065 |
| Capital grants and contributions | 202,094 | 201,581 | 513 |
| General revenues: | | | |
| Property taxes, interest, and liens | 7,391,054 | 6,928,282 | 462,772 |
| Unrestricted interest and investment earnings | 18,657 | 9,232 | 9,425 |
| Total revenues | <u>11,098,531</u> | <u>9,994,976</u> | <u>1,103,555</u> |
| Program expenses | | | |
| General government | 1,809,996 | 957,519 | 852,477 |
| Public works | 663,945 | 1,118,189 | (454,244) |
| Public safety | 398,816 | 405,278 | (6,462) |
| Education | 8,265,780 | 7,575,531 | 690,249 |
| Debt service | - | 13,741 | (13,741) |
| Total expenses | <u>11,138,537</u> | <u>10,070,258</u> | <u>1,068,279</u> |
| Change in net position | (40,006) | (75,282) | 35,276 |
| Net position, beginning of year | 13,380,614 | 13,455,896 | (75,282) |
| Adjustment | (244,538) | - | (244,538) |
| Net position, beginning of year, as restated | <u>13,136,076</u> | <u>13,455,896</u> | <u>(319,820)</u> |
| Net position, end of year | <u>\$ 13,096,070</u> | <u>\$ 13,380,614</u> | <u>\$ (284,544)</u> |

As mentioned earlier, the Town's net position *decreased* by \$40,006, largely as a result of an increase in general government expenses. Operating grants and contributions *increased* \$559,065 mainly due to an *increase* in teachers retirement board on behalf payments. Total expenses *increased* \$1,068,279 (10.6%). The *increase* is primarily comprised of the *increased* general government spending of \$852,477 (89%) and the *increased* education spending of \$690,249 (9.1%). These increases are offset by a *decreased* public works spending of \$454,244 (40.6%). All increases were within budgeted amounts.

Governmental Activities – Total and Net Cost of Activities

The schedule below presents the cost of each of the Town's governmental programs as well as each governmental program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Town's taxpayers by each of these functions:

**TOWN OF CHAPLIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023**

Governmental Activities – Total and Net Cost of Activities (Continued)

Table 3 - Total and Net Cost of Services

| | Total Cost of Services | | Increase (Decrease) | Increase (Decrease) | Net Cost (Revenue) of Services | | Increase (Decrease) | Increase (Decrease) |

| Debt service | - | 13,741 | (13,741) | -100.00% | - | 13,741 | (13,741) | -100.00% |
| Totals | \$11,138,537 | \$10,070,258 | \$1,068,279 | 10.61% | \$7,449,717 | \$7,159,907 | \$ 289,810 | 4.05% |

THE TOWN'S FUNDS

As the year showed a \$40,006 decrease in net position from operations, it also showed a \$102,594 decrease in total fund balance in the governmental funds as presented in governmental funds financial statements. The difference in the amounts is primarily from the treatment of long-term debt and capital assets, as well as deferred inflows. In the fund financial statements, debt issuances are an increase in fund balance and principal payments on long-term debt are a reduction in fund balance when the payments on the debt are made. Debt payments are never a direct reduction in net position on the government-wide statements. Likewise, purchases of capital assets are reduction in fund balance when the purchase is made. Capital asset purchases are never a direct reduction in net position on the government-wide statements.

The significant decrease in fund balance is due to capital outlay in the Capital Projects fund, including expenditures for a new rescue truck, road improvements and a new mower.

**TOWN OF CHAPLIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023**

General Fund Budgetary Highlights

Over the course of the year, the Board of Finance can revise the Town's budget with additional appropriations and budget transfers. Additional appropriations increase the total budget. The Board of Finance is allowed by State Statute to make one additional appropriation up to \$20,000 per line item or department. A second additional appropriation or an appropriation over \$20,000 requires a Town Meeting. Transfers do not increase the total budget, but instead pull appropriations from one department that needs additional funding from other departments that might have excess funding. State Statutes allow these transfers to be made by the Board of Finance without a Town Meeting. Below is a summarized view of the final budget and actual results for the General Fund:

Table 4 - General Fund - Budget Summary

| Revenues | Final Budget | Actual | Variance |
|--|-------------------------|------------------|-------------------|
| Tax Collector | \$ 7,283,760 | \$ 7,281,826 | \$ (1,934) |
| Miscellaneous Revenues | 67,694 | 68,329 | 635 |
| Receipts for Town Services | 81,519 | 89,252 | 7,733 |
| State Reimbursements in Lieu of Taxes | 142,929 | 189,934 | 47,005 |
| State Education Support | 1,652,147 | 1,652,276 | 129 |
| State and Federal Funding | 194,400 | 201,168 | 6,768 |
| Total Revenues | 9,422,449 | 9,482,785 | 60,336 |
| Expenditures | | | |
| General Government | 2,645,214 | 2,594,724 | 50,490 |
| Education | 7,001,299 | 6,852,670 | 148,629 |
| Total Expenditures | 9,646,513 | 9,447,394 | 199,119 |
| (Decrease) Increase in Fund Balance | \$ (224,064) | \$ 35,391 | \$ 259,455 |

Better than expected revenues and lower spending changed a budgeted decrease in fund balance, (budgetary basis), of \$224,064 to an increase of \$35,391.

Tax collections are generally analyzed by percentages, the most common being the percentage of taxes collected in the current year compared to the current levy. This would indicate what percentage of taxpayers paid their taxes in the year in which they were due. The Town collected 98.28% of the current year tax levy during the year. This is slightly more than the budgeted collection rate of 98.25%. The Town collected \$7,309 more than budgeted in current year property taxes, \$14,020 less than budgeted for back tax collections, and \$1,614 more than budgeted in interest and lien.

**TOWN OF CHAPLIN, CONNECTICUT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023**

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of this year, the Town had \$17,808,875 invested in government activity capital assets as shown in Table 5:

Table 5 - Capital Assets

| | Governmental Activities |
|----------------------------|------------------------------------|
| | 2023 |
| Land | \$ 359,058 |
| Buildings and improvements | 8,053,017 |
| Vehicles | 1,583,863 |
| Machinery and equipment | 823,713 |
| Infrastructure | 6,989,224 |
| Totals | \$ 17,808,875 |

This amount represents a net *increase* (including additions and deductions) of \$703,186 from last year. The significant capital additions for the year included major road improvements, a new rescue truck, and mower. More detailed information about the Town’s capital assets is presented in the notes to the financial statements.

Debt

At year end, the Town had \$647,936 in long-term liabilities outstanding. This is an *increase* of \$59,911 from the prior year after the correction for opening compensated absences (*see Note 15*). More detailed information about the Town’s long-term liabilities is presented in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET

At a referendum held on May 16, 2023, the Town approved a total budget for fiscal year 2023-2024 of \$9,647,758 using a mil rate of 35.50 and \$173,567 of the General Fund’s unallocated fund balance. The town approved a \$150,000 transfer to the capital project fund. The general government portion of the budget totals \$2,365,165 while the education budget is \$7,282,593.

Contacting the Town’s Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Town’s finances and to show the Town’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Board of Finance at the Town of Chaplin, Connecticut, 495 Phoenixville Road, Chaplin, CT 06235.

The accompanying notes are an integral part of these financial statements

**TOWN OF CHAPLIN, CONNECTICUT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2023**

Net changes in fund balances - total governmental funds \$ (102,594)

Total change in net position reported for governmental activities in the statement of activities is different because:

Government funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense. The amount by which capital additions exceeded depreciation expense in the current period is as follows:

| | | |
|---------------------------------|------------------|-------|
| Expenditures for capital assets | 703,185 | |
| Depreciation expense | <u>(700,453)</u> | |
| | | 2,732 |

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

| | | |
|---|--|---------|
| Change in revenues - unavailable property taxes | | 119,767 |
|---|--|---------|

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal on long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The net effect of these differences in the treatment of long-term debt obligations is as follows:

| | | |
|--------------------------|-----------------|----------|
| Debt issued or incurred: | | |
| Notes Payable | <u>(74,886)</u> | |
| | | (74,886) |

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds. This amount represents the effect of such items:

| | | |
|--------------------------------|-----------------|---------------|
| Compensated absences | 33,245 | |
| Other post employment benefits | <u>(18,270)</u> | |
| | | <u>14,975</u> |

| | | |
|--|--|--------------------|
| Changes in net position of governmental activities | | <u>\$ (40,006)</u> |

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PURPOSE OF ORGANIZATION

The Town of Chaplin, Connecticut (the “Town”) is a municipal corporation governed by a selectmen-town meeting form of government. Under this form of government, the town meeting is the legislative body. A town meeting is required to make appropriations, levy taxes and borrow money. The administrative branch is led by an elected three-member Board of Selectmen. The selectmen oversee most of the activities not assigned specifically to another body. An elected Board of Education oversees the public school system. The elected Board of Finance is the budget making authority and supervises the Town’s financial matters.

The Town’s financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Town are discussed below.

REPORTING ENTITY

The reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be incomplete or misleading as set forth by GASB.

In evaluating how to define the reporting entity for financial statement reporting purposes, management has considered all potential component units. The decision to include a potential component unit in this reporting entity was made by applying the criteria set forth by GASB, including legal standing, fiscal dependency and financial accountability. The criterion has been considered and there are no agencies or entities which should be presented with this government.

BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all non-fiduciary activities of the primary government as a whole. For the most part, the effect of interfund activity has been removed from these statements, except for interfund services provided and used. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities (if any), which rely to a significant extent on fees and charges for support.

The Statement of Net Position presents the financial position of the Town at the end of its fiscal year. The Statement of Activities demonstrates the degree to which direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods or services, or privileges provided by a given function or segment, (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and (3) interest earned on grants that is required to be used to support a particular program. Taxes and other items not identified as program revenues are reported as general revenues. The Town does not allocate indirect expenses to functions in the Statement of Activities.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The accounts of the Town are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balances, revenues and expenses/expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The Town maintains the minimum number of funds consistent with legal and managerial requirements. The focus of governmental fund financial statements is on major funds as that term is defined in professional pronouncements. Each major fund is to be presented in a separate column, with non-major funds, if any, aggregated and presented in a single column. The Town maintains proprietary and fiduciary funds, which are reported by type. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the pages following, which briefly explains the adjustments necessary to transform the fund based financial statements into the governmental activities column of the government-wide presentation.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the enterprise funds are charges to customers for services. Operating expenses for the enterprise funds include the cost of services, administrative expenses, depreciation costs and benefit costs. All revenues and expenses not meeting the definition are reported as non-operating revenues and expenses.

There are currently no funds in the Town which meet the criteria for being reported as a proprietary fund.

The Town's resources are reflected in the fund financial statements in three broad fund categories, in accordance with generally accepted accounting principles, as follows:

Fund Categories

- a. Governmental Funds - Governmental funds are those through which most general government functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The following are the Town's major governmental funds:
 - General Fund - This fund constitutes the primary operating fund of the Town and is used to account for and report all financial resources not accounted for and reported in another fund.
 - Capital Projects Fund – This fund is a capital projects fund and is used to account for revenues and expenditures associated with the construction of Town facilities and infrastructure.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS (*Continued*)

a. Governmental Funds (*Continued*)

- Educational Grants Fund - This fund is a special revenue fund and is used to account for federal grant revenue and expenditures associated with school grants.
- American Rescue Plan Act Fund – This fund is a special revenue fund and is used to account for federal grant revenue and expenditures associated with the American Rescue Plan Act.

The Town also reports the following non-major governmental funds:

Special Revenue Funds – Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purpose other than debt service or capital projects. The non-major special revenue funds of the Town are:

1. Chaplin Library Fund
2. Senior Center Fund
3. Recreation Commission Fund
4. Pre-School and After School Fund
5. Child Nutrition Fund

- b. Fiduciary Funds – Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for others and therefore are not available to support the Town’s programs. The Town currently maintains fiduciary funds that are classified as custodial funds. The custodial funds of the Town are:

1. PTO Fund
2. Student Activity Fund
3. Boy Scouts Fund

MEASUREMENT FOCUS AND FINANCIAL STATEMENT PRESENTATION

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. The custodial funds have no measurement focus but utilizes the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

MEASUREMENT FOCUS AND FINANCIAL STATEMENT PRESENTATION (*Continued*)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

Property taxes and certain other revenues are considered to be available if collected within sixty days of the fiscal year end. Property taxes associated with the current fiscal period, as well as charges for services and intergovernmental revenues are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Fees and other similar revenues are not susceptible to accrual because generally they are not measurable until received in cash. If expenditures are the prime factor for determining eligibility, revenues from Federal and State grants are accrued when the expenditure is made.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures, when applicable, related to early retirement incentives, compensated absences, capital leases, post-closure landfill costs, pollution remediation obligations, other post-employment benefit obligations, certain pension obligations and certain claims payable are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCES

DEPOSITS, INVESTMENTS AND RISK DISCLOSURES

Cash and equivalents - Cash and equivalents consist of funds deposited in demand deposit accounts, time deposit accounts, certificates of deposit, money market funds, State of Connecticut Treasurer's Short-Term Investment Fund, Tax Exempt Proceeds Funds and treasury bills with original maturities of less than three months. Restricted cash includes cash and equivalents which are restricted for providing housing rehabilitation loans to qualifying homeowners.

The Town's custodial credit risk policy is to only allow the Town to use banks that are in the State of Connecticut. The State of Connecticut requires that each depository maintain segregated collateral in an amount equal to a defined percentage of its public deposits based upon the bank's risk-based capital ratio.

The Short-Term Investment Fund (STIF) is a money market investment pool managed by the Cash Management Division of the State Treasurer's Office created by Section 3-27 of the Connecticut General Statutes (CGS). Pursuant to CGS 3-27a through 3-27f, the State, municipal entities, and political subdivisions of the State are eligible to invest in the fund. The fund is considered a "2a7-like" pool and reports its investments at amortized cost (which approximates fair value). The pool is rated AAAM by Standard & Poor. This is the highest rating for money market funds and investment pools. The pooled investment funds' risk category cannot be determined since the Town does not own identifiable securities but invests as a shareholder of the investment pool.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCES (*Continued*)

DEPOSITS, INVESTMENTS AND RISK DISCLOSURES (*Continued*)

Investments - The investment policies of the Town conform to the policies as set forth by the State of Connecticut. The Town's policy is to only allow prequalified financial institution broker/dealers and advisors. The Town policy allows investments in the following: (1) obligations of the United States and its agencies; (2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof; and (3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. The Statutes (sections 3-24f and 3-27f) also provide for investment in shares of the Connecticut Short-Term Investment Fund and the Tax Exempt Proceeds Fund.

The Town follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quote prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Investments are stated at fair value.

Interest Rate Risk - Interest rate risk is the risk that the government will incur losses in fair value caused by changing interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates. Generally, the Town does not invest in any long-term investment obligations.

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it. The Town's policy for custodial credit risk is to invest in obligations allowable under the Connecticut General Statutes as described previously.

Credit Risk - Credit risk is the risk that an issuer or other counterparty will not fulfill its specific obligation even without the entity's complete failure. The Town does not have a formal credit risk policy other than restrictions to obligations allowable under the Connecticut General Statutes.

Concentration of Credit Risk - Concentration of credit risk is the risk attributed to the magnitude of a government's investments in a single issuer. The Town follows the limitations specified in the Connecticut General Statutes. Generally, the Town's deposits cannot be 75% or more of the total capital of any one depository.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCES (*Continued*)

TAXES RECEIVABLE

Property taxes are assessed on property values as of October 1st. The tax levy is divided into two billings; the following July 1st and January 1st. This is used to finance the fiscal year from the first billing (July 1st) to June 30th of the following year. The billings are considered due on those dates; however, the actual due date is based on a period ending 31 days after the tax bill. On these dates (August 1st and February 1st), the bill becomes delinquent, at which time the applicable property is subject to lien, and penalties and interest are assessed.

Under State Statute, the Town has the right to impose a lien on a taxpayer if any personal property tax, other than a motor vehicle tax, due to the Town is not paid within the time limited by any local charter or ordinance. The lien shall be effective for a period of fifteen years from the date of filing unless discharged. A notice of tax lien shall not be effective if filed more than two years from the date of assessment for the taxes claimed to be due.

An allowance for uncollectible taxes of \$22,556 has been recorded net with respect to taxes and interest receivable as of June 30, 2023.

OTHER RECEIVABLES

Other receivables include amounts due from other governments and individuals for services provided or qualifying reimbursable cost incurred by the Town. Receivables are recorded and revenues recognized as earned or as specific program expenditures/expenses are incurred. Allowances are recorded when appropriate.

DUE FROM/TO OTHER FUNDS

During the course of its operations, the Town has numerous transactions between funds to finance operations, provide services and construct assets. To the extent that certain transactions between funds had not been paid or received as of June 30, 2023, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

INVENTORIES

Inventories in the governmental funds are valued at cost on a first-in, first-out basis. The cost is recorded as inventory at the time individual items are purchased. The Town uses the consumption method to relieve inventory. In the fund financial statements, reported amounts are equally offset by nonspendable fund balance in governmental funds, which indicates that they do not constitute "available spendable resources" even though they are a component of current assets. Purchases of other inventoriable items are recorded as expenditures/expenses at the time of purchase and year-end balances are not material.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCES (*Continued*)

CAPITAL ASSETS (*Continued*)

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than the capitalization threshold for that asset type and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Intangible assets lack physical substance, is nonfinancial in nature and its useful life extends beyond a single reporting period. These are reported at historical cost if identifiable. Intangible assets with no legal, contractual, regulatory, technological or other factors limiting their useful life are considered to have an indefinite useful life and are not amortized.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Land is considered inexhaustible and, therefore, not depreciated. Construction in Progress has not yet been placed into services and, therefore, not depreciated. Property, plant and equipment of the Town is depreciated or amortized using the straight-line method over the following estimated useful lives:

| Assets | Years | Capitalization Threshold |
|-------------------------------|--------------|-------------------------------------|
| Land | N/A | \$ 5,000 |
| Buildings and improvements | 50 | 5,000 |
| Vehicles | 10 | 5,000 |
| Machinery and equipment | 10 | 5,000 |
| Infrastructure: | | |
| Bridges | 40 | 5,000 |
| Water and sewer | 40 | 5,000 |
| Roads, sidewalks and drainage | 40 | 5,000 |

UNEARNED REVENUES

Unearned revenues arise when assets are recognized before revenue recognition criteria have been satisfied. In the government-wide and fund financial statements, unearned revenues consist of revenue received in advance and/or amounts from grants received before the eligibility requirements have been met.

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCES (*Continued*)

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES (*Continued*)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred inflows of resources in the fund financial statements are those where asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Such amounts in the fund financial statements have been deemed to be measurable but not “available” pursuant to generally accepted accounting principles.

The Town also had deferred inflows in connection with advance billings of property taxes for the subsequent fiscal year called “Unrecorded Revenues – time restrictions”.

LONG-TERM LIABILITIES

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, and debt payments, are reported as expenditures.

NET POSITION

Net position represents the difference between assets, liabilities and deferred outflows/inflows of resources. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position on the Statement of Net Position includes, net investment in capital assets and restricted resources. The balance is classified as unrestricted.

In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town’s policy to consider restricted net position to have been depleted before unrestricted net position is applied.

FUND BALANCE

Generally, fund balance represents the difference between current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Under this standard, the fund balance classifications are as follows:

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCES (*Continued*)

FUND BALANCE (*Continued*)

- Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form (inventories, prepaid amounts, long-term receivables) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund).
- Restricted fund balance is to be reported when constraints placed on the use of the resources are imposed by grantors, contributors, laws or regulations of other governments or imposed by law through enabling legislation. Enabling legislation includes a legally enforceable requirement that these resources be used only for the specific purposes as provided in the legislation. This fund balance classification will be used to report funds that are restricted for debt service obligations and for other items contained in the Connecticut statutes.
- Committed fund balance will be reported for amounts that can only be used for specific purposes pursuant to formal action of the Town's highest level of decision making authority. A motion at a Town meeting is the highest level of decision making authority for the Town that can, by the adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, these funds may only be used for the purpose specified unless the Town removes or changes the purpose by taking the same action that was used to establish the commitment.
- Assigned fund balance, in the General Fund, represents amounts constrained either by policies of the Board of Finance for amounts assigned for balancing the subsequent year's budget or management for amounts assigned for encumbrances. Unlike commitments, assignments generally only exist temporarily, in that additional action does not normally have to be taken for the removal of an assignment. An assignment cannot result in a deficit in the unassigned fund balance in the General Fund. Assigned fund balance in all funds except the General Fund includes all remaining amounts, except for negative balances, that are not classified as nonspendable and are neither restricted nor committed.
- Unassigned fund balance, in the General Fund, represents amounts not classified as nonspendable, restricted, committed or assigned. The General Fund is the only fund that would report a positive amount in unassigned fund balance. For all governmental funds other than the General Fund, unassigned fund balance would necessarily be negative, since the fund's liabilities and deferred inflows, together with amounts already classified as nonspendable, restricted and committed would exceed the fund's assets and deferred outflows.

In order to calculate the amounts to report as restricted and unrestricted fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Town's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Town's policy to use fund balance in the following order: committed, assigned, and unassigned.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCES (*Continued*)

ENCUMBRANCES

In governmental funds, encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve applicable appropriations, is generally employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year-end are generally reported as assigned fund balance since they do not constitute expenditures or liabilities.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows and outflows, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

RECLASSIFICATIONS

Certain reclassifications have been made to prior year amounts in the Management's Discussion and Analysis and beginning balances in certain footnotes to conform to the 2023 presentation.

SUBSEQUENT EVENTS EVALUATION BY MANAGEMENT

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through December 11, 2023, the date that the financial statements were available to be issued.

NOTE 2- STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

BUDGET BASIS

A formal, legally approved, annual budget is adopted for the General Fund only. This budget is adopted on a basis consistent with Generally Accepted Accounting Principles (modified accrual basis) with the following exceptions:

- **Teachers' Retirement** – The Town does not recognize as income or expenditures payments made for the teachers' retirement or other postemployment benefits by the State of Connecticut on the Town's behalf in its budget. The Governmental Accounting Standards Board's Statement Number 24 requires that the employer government recognize payments for salaries and fringe benefits paid on behalf of its employees.
- **Restricted Funds** – Restricted unbudgeted revenues and expenses are not included in the annual General Fund budget.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (*Continued*)

BUDGET CALENDAR

The Boards of Selectmen and Education submit requests for appropriation(s) to the Board of Finance. The budget is prepared by fund, function and activity, and includes information on the past year, current year estimates and requested appropriations of the next fiscal year.

The Board of Finance holds a public hearing, at which itemized estimates of expenditures of the Town for the next fiscal year are presented. At this time, individuals are able to recommend any appropriations, which they desire the Board of Finance to consider. The Board of Finance then considers the estimates and any other matters brought to their attention at a public meeting held subsequent to the public hearing and prior to the annual meeting. The Board of Finance prepares the proposed budget.

The Board of Finance's estimated and recommended budget reports are submitted at the Annual Town Meeting. The Annual Town Meeting takes action on this budget. After the Annual Town Meeting, the Board of Finance meets to levy a tax on the grand list which will be sufficient to cover, together with other income or revenue surplus which is appropriated, the amounts appropriated and any revenue deficit of the Town.

BUDGET CONTROL

The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level except expenditures for education, which are, by State Statutes, appropriated as one department.

The governing body may amend the annual budget subject to the requirements of the Connecticut General Statutes. The Board of Finance may make a one-time additional appropriation up to \$20,000 to any appropriations. A Town meeting must be called to make appropriations over \$20,000 or additional changes to a previously adjusted appropriation.

ADDITIONAL APPROPRIATIONS

For the year ended June 30, 2023, the Town made several line item budget transfers and an additional appropriation of \$150,000 for transfers to the Capital Projects fund.

EXPENDITURES IN EXCESS OF BUDGET

Total expenditures were not in excess of total appropriations for the 2022-2023 fiscal year.

APPLICATION OF ACCOUNTING STANDARDS

For the year ended June 30, 2023, the following accounting pronouncements became effective. The Town implemented such pronouncements, where applicable:

GASB Statement 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements. This statement improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs).

GASB Statement 96, Subscription-Based Information Technology Arrangements. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users.

NOTE 2 - STEWARDSHP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

APPLICATION OF ACCOUNTING STANDARDS (Continued)

GASB Statement 99, Omnibus 2022. This statement address both select practice issues that have been identified during implementation and accounting and financial reporting for financial guarantees.

NOTE 3 - CASH, CERTIFICATES OF DEPOSIT, CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents, and Restricted Cash - As of June 30, 2023, the carrying amount of the Town's deposits with financial institutions, exclusive of custodial funds, was:

| | |
|---|--------------|
| Cash and Cash Equivalents and Restricted Cash | |
| Deposits with financial institutions | \$ 4,563,785 |
| Plus external investment pools | 233,813 |
| | \$ 4,797,598 |

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The bank balance, exclusive of its custodial funds, of the deposits was \$4,708,847 and was exposed to custodial credit risk as follows:

| | |
|---|--------------|
| Covered by Federal Depository Insurance | \$ 500,000 |
| Collateralized | 420,885 |
| Uninsured and uncollateralized | 3,787,962 |
| | \$ 4,708,847 |

All of the custodial funds bank balance was covered by Federal Depository Insurance at June 30, 2023.

NOTE 4 - RECEIVABLES, DEFERRED INFLOWS OF RESOURCES AND UNEARNED REVENUE

At June 30, 2023, receivables consisted of the following:

| | Fund Financials | | | Government-Wide Financials |
|---------------------------------|-----------------|-------------------------|-----------------------------|----------------------------|
| | General Fund | Educational Grants Fund | Nonmajor Governmental Funds | Governmental Activities |
| Receivables | | | | |
| Property taxes | \$ 236,194 | \$ - | \$ - | \$ 236,194 |
| Interest, liens and fees | 64,552 | - | - | 64,552 |
| Intergovernmental | - | 17,634 | 43,961 | 61,595 |
| Other | 37,362 | - | 6,979 | 44,341 |
| Receivables, gross | 338,108 | 17,634 | 50,940 | 406,682 |
| Allowance for doubtful accounts | (22,556) | - | - | (22,556) |
| Receivables, net | \$ 315,552 | \$ 17,634 | \$ 50,940 | \$ 384,126 |

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 4 - RECEIVABLES, DEFERRED INFLOWS OF RESOURCES AND UNEARNED REVENUE (Continued)

Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. This is recorded as the liability *unearned revenue* at June 30, 2023. The Town had \$629,662 of unearned revenue at year end, the majority of which \$614,239 consisted of unspent American Rescue Plan Act of 2022 (“ARPA”) funds management intends to utilize in the 2023-2024 fiscal year. Governmental funds report deferred inflows of resources in connection with receivables for revenue that are not considered to be available to liquidate liabilities of the current period. The Town reports property taxes not received within 60 days of the year end as *unavailable revenues*. The Town reports property taxes billed in advance of the subsequent fiscal year as *unrecorded revenues*.

At June 30, 2023, the Town’s deferred inflows of resources relating to receivables consisted of the following:

| | Fund Financials | | | Government-Wide Financials |
|---|-----------------|-------------------------|-----------------------------|----------------------------|
| | General Fund | Educational Grants Fund | Nonmajor Governmental Funds | Governmental Activities |
| Deferred inflows of resources | | | | |
| Unavailable revenues - property taxes and other | \$ 236,315 | \$ - | \$ 6,267 | \$ - |
| Unrecorded revenues - time restrictions | 282,011 | - | - | 282,011 |
| | \$ 518,326 | \$ - | \$ 6,267 | \$ 282,011 |

NOTE 5 - INTERFUND TRANSACTIONS

The outstanding balances between funds result mainly from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur; 2) transactions are recorded in the accounting system; and 3) payments between funds are made.

At June 30, 2023, these were summarized as follows:

| Receivable Fund | Payable Fund | Amount |
|---------------------------|--------------|----------|
| Educational Grants Fund | General Fund | \$ 3,386 |
| Recreation Comission Fund | General Fund | 500 |
| | | \$ 3,886 |

Fund transfers are generally used to fund special projects with general fund revenues. Transfers during the year ended June 30, 2023 were as follows:

| | Transfers into |
|-------------------|----------------------|
| | Capital Reserve Fund |
| Transfers out of: | |
| General Fund | \$ 442,206 |

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 6 - CAPITAL ASSETS

Changes in the Town's capital assets used in the governmental activities are as follows:

| | Beginning Balance | Increases | Decreases | Ending Balance |
|--|----------------------|------------------|-------------|---------------------|
| Capital assets, not being depreciated | | | | |
| Land | \$ 359,058 | \$ - | \$ - | \$ 359,058 |
| Total capital assets, not being depreciated | <u>359,058</u> | <u>-</u> | <u>-</u> | <u>359,058</u> |
| Capital assets, being depreciated | | | | |
| Buildings and improvements | 8,053,016 | - | - | 8,053,016 |
| Vehicles | 1,197,463 | 386,400 | - | 1,583,863 |
| Machinery and equipment | 668,827 | 154,886 | - | 823,713 |
| Infrastructure | 6,827,326 | 161,899 | - | 6,989,225 |
| Total capital assets, being depreciated | <u>16,746,632</u> | <u>703,185</u> | <u>-</u> | <u>17,449,817</u> |
| Less: accumulated depreciation | | | | |
| Buildings and improvements | (4,869,059) | (306,176) | - | (5,175,235) |
| Vehicles | (865,256) | (164,153) | - | (1,029,409) |
| Machinery and equipment | (353,863) | (53,609) | - | (407,472) |
| Infrastructure | (1,119,136) | (176,515) | - | (1,295,651) |
| Total accumulated depreciation | <u>(7,207,314)</u> | <u>(700,453)</u> | <u>-</u> | <u>(7,907,767)</u> |
| Total capital assets, being depreciated, net | <u>9,539,318</u> | <u>2,732</u> | <u>-</u> | <u>9,542,050</u> |
| Governmental activities capital assets, net | <u>\$ 9,898,376</u> | <u>\$ 2,732</u> | <u>\$ -</u> | <u>\$ 9,901,108</u> |

Depreciation expense was charged to functions/programs of the governmental activities as follows:

| | |
|------------------------|-------------------|
| General Government | \$ 35,943 |
| Culture and Recreation | 5,550 |
| Public works | 266,324 |
| Public safety | 156,104 |
| Education | 236,532 |
| | <u>\$ 700,453</u> |

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 7 - LONG-TERM LIABILITIES

The following table summarizes changes in the Town's long-term indebtedness for the year ending June 30, 2023:

| | Beginning Balance | Additions | Reductions | Ending Balance | Due Within One Year |
|--------------------------------------|----------------------|-------------------|------------------|-------------------|------------------------|
| Other liabilities: | | | | | |
| Note payable - direct borrowings | \$ - | \$ 74,886 | \$ - | \$ 74,886 | \$ 22,724 |
| Other post employment benefits - BOE | 381,689 | 18,270 | - | 399,959 | - |
| Compensated absences | 206,336 | 28,287 | 61,532 | 173,091 | 17,309 |
| | <u>\$ 588,025</u> | <u>\$ 121,443</u> | <u>\$ 61,532</u> | <u>\$ 647,936</u> | <u>\$ 40,033</u> |

Each governmental funds' liability is liquidated by the respective fund, primarily the General Fund. Interest on these obligations is expensed to the respective fund, primarily the General Fund.

NOTE 8 - NOTES PAYABLE

As of June 30, 2023, the Town had one (1) vehicle note outstanding. Under the terms of the note, which bears interest at 9.15% per annum, the Town must make three annual payments of \$28,640 which begin in September 2023.

Future maturities of principal and interest are as follows:

| Year End | Note Payable | |
|----------|------------------|------------------|
| | Principal | Interest |
| 2024 | \$ 22,724 | \$ 5,916 |
| 2025 | 24,893 | 3,747 |
| 2026 | 27,269 | 1,370 |
| | <u>\$ 74,886</u> | <u>\$ 11,033</u> |

NOTE 9 - OTHER LONG-TERM DEBT

Compensated Absences

Long-term liabilities for compensated absences are reported for certain employees of the Board of Education and consist of unpaid, but earned sick pay balances. Liabilities for compensated absences are reported in the government-wide financial statements. Expenditures and liabilities related to these obligations are recognized in the governmental fund financial statements when they mature such as upon the termination of employment. Compensated absences are reported as noncurrent liabilities in the statement of net position and amounted to \$173,091 for the year ended June 30, 2023.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 10 - LEGAL DEBT LIMIT

Connecticut General Statutes Section 7-374 sets limits on the debt, as defined by the statutes, which can be incurred by the Town and other governmental agencies within the Town. The limitations for the Town of Chaplin, Connecticut are as follows:

| | |
|--|---------------------|
| Total tax collections (including interest and lien fees) for the year - primary government | \$ 7,220,341 |
| Reimbursement for revenue loss on tax relief for the elderly (C.G.S. 12-129d) | - |
| Debt limitation base | <u>\$ 7,220,341</u> |

| | <u>General Purpose</u> | <u>Schools</u> | <u>Sewers</u> | <u>Urban Renewal</u> | <u>Pension Deficit</u> |
|---|----------------------------|----------------------|----------------------|--------------------------|----------------------------|
| Debt limitation | | | | | |
| 2 1/4 times base | \$ 16,245,767 | \$ - | \$ - | \$ - | \$ - |
| 4 1/2 times base | - | 32,491,535 | - | - | - |
| 3 3/4 times base | - | - | 27,076,279 | - | - |
| 3 1/4 times base | - | - | - | 23,466,108 | - |
| 3 times base | - | - | - | - | 21,661,023 |
| Total debt limitation | <u>16,245,767</u> | <u>32,491,535</u> | <u>27,076,279</u> | <u>23,466,108</u> | <u>21,661,023</u> |
| Indebtedness | | | | | |
| Bonds and notes payable | <u>74,886</u> | <u>-</u> | <u>-</u> | <u>-</u> | <u>-</u> |
| Debt limitation in excess of debt outstanding and authorized | <u>\$ 16,170,881</u> | <u>\$ 32,491,535</u> | <u>\$ 27,076,279</u> | <u>\$ 23,466,108</u> | <u>\$ 21,661,023</u> |

In no case shall total indebtedness exceed seven times the annual receipts from taxation \$ 50,542,387

NOTE 11 - NET POSITION

The components of net position are as detailed below:

Net Investment in Capital Assets – the component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributable to the acquisition, construction or improvement of those assets.

Restricted Net Position –the component of net position that reflects funds set aside in accordance with laws, regulations, grants and other agreements. This is made up of \$149,562 in the General Fund

Unrestricted – all other amounts that do not meet the definition of “restricted” or “net investment in capital assets”.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 12 - FUND BALANCES

As discussed in *Note 1*, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. These are summarized below:

| | <u>General Fund</u> | <u>Capital Projects Fund</u> | <u>Educational Grants Fund</u> | <u>Other Governmental Funds</u> | <u>Total Governmental Funds</u> |
|-----------------------|---------------------|--------------------------------------|------------------------------------|---|---|
| Nonspendable | | | | | |
| Not in spendable form | | | | | |
| Inventories | \$ - | \$ - | \$ - | \$ 2,394 | \$ 2,394 |
| | <u>\$ -</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 2,394</u> | <u>\$ 2,394</u> |
| Restricted | | | | | |
| General Government | \$ 149,562 | \$ - | \$ - | \$ - | \$ 149,562 |
| | <u>\$ 149,562</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 149,562</u> |
| Committed | | | | | |
| Capital Projects | \$ - | \$ 1,430,338 | \$ - | \$ - | \$ 1,430,338 |

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS

TEACHERS’ RETIREMENT SYSTEM

Plan Description - Teachers and certain other certified personnel in the Town are eligible to participate in the Connecticut State Teachers' Retirement System (“TRS”), a cost-sharing multiple employer public employee retirement system described in the Connecticut General Statutes, Chapter 167a. The TRS has been established to provide retirement and other benefits for teachers, their survivors and beneficiaries. The Teachers' Retirement System is administered by the Teachers' Retirement Board (“TRB”). The TRS issues a publicly available financial report that can be obtained at www.ct.gov.

Plan Membership — All teachers, principals, superintendents or supervisors engaged in service of public schools are eligible for participation.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS (*Continued*)

TEACHERS' RETIREMENT SYSTEM (*Continued*)

Plan Benefits — Plan provisions are set by statute of the State of Connecticut. The Teachers' Retirement System provides retirement benefits, as well as death and disability benefits. A member is eligible to receive a normal retirement benefit who (1) has reached the age of sixty and has accumulated twenty years of credited service in the public schools of Connecticut or (2) has attained any age and has accumulated thirty-five years of credited service, at least twenty-five years of which are service in the public schools of Connecticut.

The normal retirement benefit is two percent times the number of years of credited service multiplied by their average annual salary received during the three years of highest salary. In no event will such benefit exceed seventy-five percent of the average annual salary. A minimum monthly benefit of \$1,200 is provided for teachers who retire under the normal retirement provisions and who have completed at least twenty-five years of full time Connecticut service.

A member is eligible to receive an early retirement benefit who (1) has attained any age and has accumulated twenty-five years of credited service, at least twenty years of which are service in the public schools of Connecticut or (2) has reached the age of fifty-five and has accumulated twenty years of credited service, at least fifteen years of which are service in the public schools of Connecticut.

The early retirement benefit is reduced six percent per year for the first five years preceding normal retirement age and four percent per year for the next five years preceding normal retirement age. Effective July 1, 1999, the reductions for individuals with 30 or more years of service is three percent per year by which retirement precedes normal retirement date.

Benefits are fully vested after ten years of service. Benefits are payable at age sixty and early retirement reductions are based on the number of years of service the member would have had if they had continued to work until age sixty.

Funding Policy - In accordance with the Connecticut General Statutes, Section 10-183z, contribution requirements of active employees and the State of Connecticut is amended and certified by the Teachers' Retirement Board and appropriated by the General Assembly. The contributions are actuarially determined as an *amount* that, when combined with employee contributions and investment earning, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

The Town is not required to make contributions to the plan. The statutes require the State of Connecticut to make contributions on-behalf of the Town in an actuarially determined amount.

Members are required to contribute six percent of their annual salary for the pension benefit. Effective January 1, 2018, the required contribution increased to seven percent of annual pensionable salary.

The Town's proportionate share has been determined on the same basis as that used by the plan as has the basis of accounting, including policies with respect to benefit payments (including refunds of employee contributions) and the valuation of plan investments.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS (Continued)

TEACHERS' RETIREMENT SYSTEM (Continued)

Actuarial Methods and Significant Assumptions - The following assumptions were used in the pension valuations, prepared as of June 30, 2022 (the Valuation Date) measured as of June 30, 2022 (the Measurement Date) for use in the June 30, 2023 financial statements (Reporting Date):

| | |
|----------------------------------|--|
| Experience study dates | July 1, 2015 – June 30, 2019 |
| Inflation | 2.50% |
| Salary increases | 3.00-6.50%, including inflation |
| Investment rate of return | 6.90%, net of investment related expense, including inflation |
| Administrative Expenses | \$0 assumption as expenses are paid for by the General Assembly. |

Mortality rates were based on the PubT-2010 Healthy Retiree table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

Future cost-of-living increases for teachers who retired prior to September 1, 1992, are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum.

For teachers who were members of the Teachers' Retirement System before July 1, 2007, and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%.

For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

Target Asset Allocation and Rates of Return — The long-term expected rate of return on plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return are developed for each major asset class. The table below shows the target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are to be provided by the Fiduciary of the Plan:

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS (Continued)

TEACHERS' RETIREMENT SYSTEM (Continued)

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|-----------------------------------|----------------------|--|
| Domestic Equity Fund | 20.00% | 5.40% |
| Developed Market Intl. Stock Fund | 11.00% | 6.40% |
| Emerging Market Intl. Stock Fund | 9.00% | 8.60% |
| Core Fixed Income Fund | 13.00% | 0.08% |
| Emerging Market Debt Fund | 5.00% | 3.80% |
| High Yield Bond Fund | 3.00% | 3.40% |
| Real Estate Fund | 19.00% | 5.20% |
| Private Equity Fund | 10.00% | 9.40% |
| Private Credit | 5.00% | 6.50% |
| Alternative Investments | 3.00% | 3.10% |
| Liquidity Fund | 2.00% | -0.40% |
| | 100.00% | |

Discount Rate - The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the State contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Town's Proportionate Share of the Collective Net Pension Liability — Connecticut school teachers participate in the TRS pursuant to Section 10-183b et seq. of the Connecticut General Statutes (the "Teachers' Retirement Act"). The Teachers' Retirement Act governs the pension benefits and eligibility of the active and retired teachers of the Chaplin Public Schools. The Teachers' Retirement Act requires the Connecticut General Assembly, not any town, city or local school district, to appropriate the funds necessary to pay the pension benefits due to retirees under the System. The Town reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows due to the statutory requirement that the State of Connecticut pay 100% of the required contribution. The amounts recognized by the Town as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the Town were as follows:

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS (Continued)

TEACHERS' RETIREMENT SYSTEM (Continued)

Town's Proportionate Share of the Collective Net Pension Liability (Continued)

| | |
|--|----------------------------|
| Town of Chaplin's Net Pension Liability | \$ - |
| State of Connecticut's Net Pension Liability for the Town of Chaplin | 6,718,877 |
| Net Pension Liability | <u><u>\$ 6,718,877</u></u> |

| | |
|---|------------------------|
| Portion of the State of Connecticut's Net Pension Liability | |
| which is related to the Town of Chaplin employees | 0.036700% |
| On-behalf payments revenue and pension expense | \$ 649,387 |
| Proportion Basis | Employee contributions |
| Change in proportion since prior measurement date | None |

Sensitivity Analysis – The following presents the net pension liability (asset) of the Town of Chaplin, Connecticut's proportionate share of the plan, calculated using the current discount rate, as well as what the Town's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher:

| | <u>1% Decrease 5.90%</u> | <u>Current Discount Rate 6.90%</u> | <u>1% Increase 7.90%</u> |
|-------------------------------|--------------------------|--|--------------------------|
| State's Net Pension Liability | <u>\$ 8,576,072</u> | <u>\$ 6,718,877</u> | <u>\$ 5,176,637</u> |

Support Provided by Nonemployer Contributing Entity (State) — The Town has a special funding situation whereby the State is obligated to pay the pension costs of the Teachers' Retirement System and the Town is not required to pay any of the costs. However, the Town must record the costs paid by the State on behalf of the Town's employees as revenue and expense in its GAAP financial statements which amounted to \$649,387.

OTHER POST-EMPLOYMENT BENEFITS – TEACHERS' RETIREMENT SYSTEM

Plan Description

Teachers, principals, superintendents or supervisors engaged in service of public schools are provided with benefits, including retiree health insurance, through the Connecticut Teachers' Retirement System - a cost sharing multiemployer defined benefit pension plan administered by the TRB. Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS issues a publicly available financial report that can be obtained at www.ct.gov.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS *(Continued)*

**OTHER POST-EMPLOYMENT BENEFITS – TEACHERS' RETIREMENT SYSTEM
*(Continued)***

Benefit Provisions

The Plan covers retired teachers and administrators of public schools in the State who are receiving benefits from the Plan. The Plan provides healthcare insurance benefits to eligible retirees and their spouses. Any member that is currently receiving a retirement or disability benefit through the Plan is eligible to participate in the healthcare portion of the Plan. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the TRB Sponsored Medicare Supplemental Plans provide coverage for those participating in Medicare, but not receiving Subsidized Local School District Coverage.

Any member that is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer. A subsidy of up to \$110 per month for a retired member plus an additional \$110 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, any remaining portion is used to offset the district's cost. The subsidy amount is set by statute, and has not increased since July of 1996. A subsidy amount of \$220 per month may be paid for a retired member, spouse or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost, and contributes at least \$220 per month towards coverage under a local school district plan.

Any member that is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the plan sponsored by the System. If they elect to remain in the plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplemental Plans. Active members, retirees, and the State pay equally toward the cost of the basic coverage (medical and prescription drug benefits).

Employees are eligible to retire at age sixty with twenty years of credited service in Connecticut, or thirty-five years of credited service including at least twenty-five years of service in Connecticut.

Contributions

State of Connecticut

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the State of Connecticut are amended and certified by the TRB and appropriated by the General Assembly. The State pays for one third of the plan costs through an annual appropriation in the General Fund.

Employer

School district employers are not required to make contributions to the Plan.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS *(Continued)*

**OTHER POST-EMPLOYMENT BENEFITS – TEACHERS' RETIREMENT SYSTEM
*(Continued)***

Contributions *(Continued)*

Employees/Retirees

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows: active teachers' pay for one third of the Plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one third of the Plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

Administrative Expenses

Administrative costs of the Plan are to be paid by the General Assembly per Section 10-183r of the Connecticut General Statutes.

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2022 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

| | |
|---|--|
| Inflation | 2.50% |
| Real Wage Growth | 0.50% |
| Wage Inflation | 3.00% |
| Salary increases | 3.00-6.50%, including inflation |
| Investment rate of return | 3.00%, net of OPEB plan investment expense, including inflation |
| Year fund net position will be depleted | 2027 |
| Municipal bond index rate (measurement date) | 3.54% |
| Municipal bond index rate (prior) | 2.16% |
| Single equivalent interest rate (measurement date) | 3.53 % (net of investment exp, incl. inflation) |
| Single equivalent interest rate (prior) | 2.17% (net of investment exp, incl. inflation) |
| Healthcare cost trend rates (Medicare) | Known increases until calendar year 2024, then general trend decreasing to an ultimate rate of 4.5% by 2031. |

Mortality rates were based on the PubT-2010 Healthy Retiree table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

Long-Term Rate of Return

The long-term expected rate of return on plan assets is reviewed as part of the GASB 75 valuation process. Several factors are considered in evaluating the long-term rate of return assumption, including the Plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) for each major asset class.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS *(Continued)*

**OTHER POST-EMPLOYMENT BENEFITS – TEACHERS' RETIREMENT SYSTEM
*(Continued)***

Long-Term Rate of Return *(Continued)*

The long-term expected rate of return was determined by weighing the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The plan is 100% invested in U.S. Treasuries (Cash Equivalents) for which the expected 10-Year Geometric Real Rate of Return is a negative (0.98)%. Price inflation is expected to be 2.50% while the expected rate of return is 1.50%.

Discount Rate

The discount rate used to measure the total OPEB liability was 3.53%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current member contribution rate and that contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members. No future State contributions were assumed to be made.

Based on those assumptions, the plan's fiduciary net position was projected to be depleted in 2027 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.

Sensitivity of the Net OPEB Liability to Changes in Healthcare Cost Trend Rates

The Town's proportionate share of the net OPEB liability is \$-0- and, therefore, the change in the health care cost trend rate or the discount rate would only impact the amount recorded by the State of Connecticut.

The State of Connecticut's proportionate share of the net OPEB liability associated with the Town is 0.036694% or \$588,419. The Town recognized on-behalf revenues and expenditures of (\$35,468) in connection with this plan.

Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan. Detailed information about the Connecticut State Teachers' OPEB Plan fiduciary net position is available in the separately issued State of Connecticut Comprehensive Annual Financial Report at www.ct.gov.

OTHER POST-EMPLOYMENT BENEFITS – BOARD OF EDUCATION

From an accrual accounting perspective, the cost of post-employment health care benefits generally should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. The Town recognizes the cost of post-employment healthcare in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the Town's future cash flows.

**THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 13 – PENSION AND OTHER POST RETIREMENT PLANS *(Continued)*

OTHER POST-EMPLOYMENT BENEFITS – BOARD OF EDUCATION *(Continued)*

Plan Description

The Town provides certain health care benefits for retired employees through a single-employer defined benefit plan administered by the Town of Chaplin, Connecticut (The “Town”) in accordance with various collective bargaining agreements. The plan does not issue a separate financial statement, and no assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

At July 1, 2022, plan membership consisted of 22 participants, of which all were active employees.

Funding Policy

Retired teachers and their spouses must be allowed to continue their health insurance benefits, in the same health insurance plan offered to active teachers, through their last employing Town. The Town does not contribute to the retirees' health insurance. The retirees pay 100% of the premiums in accordance with the Connecticut General Statutes and the various collective bargaining agreements. Since the Town’s liability is solely from the implicit rate subsidy calculation, the Town has not established a trust fund to irrevocably segregate assets to fund the liability associated with postemployment benefits in accordance with GASB guidelines.

Actuarial Methods and Significant Assumptions

The Town’s annual post employment benefit expense is calculated based using the Entry Age Normal Cost Method. Under this method, the total normal cost is the sum of amounts necessary to fund each active member’s normal retirement benefit if paid annually from entry age to assumed retirement age. Entry age is the age at which the employee would have been first eligible for the plan, if it had always been in effect. The normal cost for each participant is expected to remain a level percentage of the employee’s salary. The normal cost for the plan is the difference between the total normal cost for the year and the anticipated member contributions for that year.

Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Calculations are based on the OPEB benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. In addition, the assumptions and projections utilized do not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. The actuarial calculations of the OPEB plan reflect a long-term perspective.

The Town is required to accrue on the government-wide financial statements the amounts necessary to finance the plan as actuarially determined, which is equal to the balance not paid by plan members. Funding for the Plan has been established on a pay-as-you-go basis. Other actuarial methods and significant assumptions are summarized as follows:

**THE TOWN OF CHAPLIN, CONNECTICUT

NOTE 14 – CONTINGENT LIABILITIES AND RISK MANAGEMENT

LITIGATION

The Town is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Town’s counsel the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

CONTINGENCIES

Grants – The Town participates in various Federal and State grant programs. These programs are subject to program compliance audits pursuant to the Federal and State Single Audit Acts. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the Town anticipates such amounts, if any, to be immaterial.

RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or three prior years.

THE TOWN OF CHAPLIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 15 – ADJUSTMENT

Management has restated its July 1, 2022 opening net position of its governmental activities by a total of \$(244,538) to properly account for compensated absences and unearned ARPA grant revenues. Management has restated its July 1, 2022 opening total governmental funds fund balance by a total of \$(331,317) to properly account for unearned ARPA grant revenues and interfund receivables and payables. Management has restated its July 1, 2022 net position of its custodial funds by \$16,656 to properly report the PTO Fund, Student Activity Fund, and the Boy Scouts Fund.

NOTE 16 – GASB PRONOUNCEMENTS ISSUED, BUT NOT YET EFFECTIVE

The Governmental Accounting Standards Board (GASB) is the standard setting board for governmental entities. The following are statements which have been approved by GASB, but are not yet effective:

GASB Statement 100, Accounting Changes and Error Corrections. This statement enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This statement is effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023 (the Town's fiscal year ending June 30, 2024).

GASB Statement 101, Compensated Absences. This statement updates the recognition and measurement guidance for compensated absences. The requirements of this statement is effective for fiscal years beginning after December 15, 2023 (the Town's fiscal year ending June 30, 2025).

THE NET PENSION LIABILITY
CONNECTICUT TEACHERS' RETIREMENT SYSTEM
LAST FIVE FISCAL YEARS**

| | <u>2023</u> | <u>2022</u> | <u>2021</u> | <u>2020</u> | <u>2019</u> |
|--|---------------------|---------------------|---------------------|---------------------|---------------------|
| Town's proportion of the net pension liability | 0.0% | 0.0% | 0.0% | 0.0% | 0.0% |
| Town's proportionate share of the net pension liability | \$ - | \$ - | \$ - | \$ - | \$ - |
| State's proportionate share of the collective net pension liability | <u>\$ 6,718,877</u> | <u>\$ 5,599,140</u> | <u>\$ 7,069,545</u> | <u>\$ 6,194,807</u> | <u>\$ 4,776,556</u> |
| Total proportionate share of the collective net pension liability | <u>\$ 6,718,877</u> | <u>\$ 5,599,140</u> | <u>\$ 7,069,545</u> | <u>\$ 6,194,807</u> | <u>\$ 4,776,556</u> |
| Town's covered payroll * | \$ 2,266,724 | \$ 2,324,134 | \$ 2,278,327 | \$ 2,269,543 | N/A |
| Town's proportionate share of the net pension liability as a percentage of its covered payroll | 0.0% | 0.0% | 0.0% | 0.0% | 0.0% |
| Plan fiduciary net position as a percentage of the total pension liability | 54.06% | 60.77% | 49.24% | 52.00% | 57.69% |

NOTES TO THE SCHEDULE:

* Covered payroll is an estimated figure.

The Town is not required to contribute to the plan. The State contributes on behalf of the Town.

The total pension liability reported for each fiscal year is based on a measurement date as of the end of the prior fiscal year (i.e. the total pension liability reported for 2023 is based on a June 30, 2022 actuarial valuation and a June 30, 2022 measurement date).

Benefit changes: There were no changes in benefit terms that affected the measurement of the total pension liability.

Changes in assumptions: The total pension liability was determined by an actuarial valuation as of June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement.

| | |
|---------------------------|---|
| Inflation | 2.50% (No change) |
| Salary increase | 3.00-6.50%, including inflation (No change) |
| Investment rate of return | 6.90%, (No change) net of pension plan investment expenses, including inflation |

Mortality rates were based on the PubT-2010 Healthy Retiree table (adjusted 105% for males and 103% for females as ages 82 and above), projected generationally with MP-2019 for the period after service retirement

STATE SINGLE AUDIT REPORTS

**STATE INTERNAL CONTROL AND
COMPLIANCE REPORTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Finance
Town of Chaplin, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Chaplin, Connecticut (the "Town"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated December 11, 2023.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. However, material weaknesses or significant deficiencies may exist that have not been identified.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Groton, Connecticut

December 11, 2023

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE STATE SINGLE AUDIT ACT**

To the Board of Finance
Town of Chaplin, Connecticut

REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM

Opinion on Each Major State Program

We have audited Town of Chaplin, Connecticut's (the "Town") compliance with the types of compliance requirements identified as a subject to audit in the *Office of Policy and Management's Compliance Supplement* that could have a direct and material effect on each of the Town's major state programs for the year ended June 30, 2023. The Town's major state programs are identified in the summary of auditors' results section of the accompanying schedule of state findings and questioned costs.

In our opinion, the Town complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of the State Single Audit Act (C.G.S Sections 4-230 to 4-236). Our responsibilities under those standards and the State Single Audit Act are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of the Town's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Town's state programs.

Auditors' Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the State Single Audit Act will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the State Single Audit Act, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Town's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all

deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule

**TOWN OF CHAPLIN, CONNECTICUT
NOTE TO SCHEDULE OF EXPENDITURES OF
STATE FINANCIAL ASSISTANCE
FOR THE YEAR ENDED JUNE 30, 2023**

NOTE A - ACCOUNTING BASIS

GENERAL

The accompanying schedule of expenditures of state financial assistance includes state grant activity of the Town of Chaplin, Connecticut (the Town) under programs of the State of Connecticut for the fiscal year ended June 30, 2023. Various departments and agencies of the State of Connecticut have provided financial assistance through grants and other authorizations in accordance with the General Statutes of the State of Connecticut.

The accounting policies of the Town conform to accounting principles generally accepted in the United States of America as applicable to governments.

The information in the schedule of expenditures of state financial assistance is presented based on regulations established by the State of Connecticut, Office of Policy and Management.

BASIS OF ACCOUNTING

The financial statements for the governmental fund types contained in the Town's basic financial statements are prepared on the modified accrual basis of accounting. The government-wide financial statements and the financial statements for business-type activities are prepared on the full accrual basis of accounting.

- Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities for the current period.
- Expenditures are generally recorded when a liability is incurred except for debt service expenditures, as well as certain other expenditures, when applicable, related to compensated absences, pension obligations, landfill closure costs, claims and judgments, and other post-employment benefits which are recorded only when payment is due (matured).
- For cost reimbursement awards, revenues are recognized to the extent of expenditures. Expenditures have been recognized to the extent the related obligation was incurred within the applicable grant period and liquidated within 90 days after the end of the grant period.
- For performance-based awards, revenues are recognized to the extent of performance achieved during the period.

The expenditures reported on the schedule of expenditures of state financial assistance are reported on the accrual basis of accounting. In accordance with Section 4-236-22 of the Regulations of the State Single Audit Act, certain grants are not dependent on expenditure activity, and accordingly, are considered to be expended in the fiscal year of receipt. These grant program receipts are reflected in the expenditures column of the schedule of expenditures of state financial assistance.
