

TOWN OF CHAPLIN

PRELIMINARY PROPOSED BUDGET

Fiscal Year 2026-2027

For a Public Hearing held on

April 13, 2026

CHAPLIN BOARD OF FINANCE BUDGET MESSAGE

To: Chaplin Residents and Taxpayers
From: Chaplin Board of Finance
Date: April 6, 2026

The Board of Finance recommends the following proposed Fiscal Year July 1, 2026 to June 30, 2027 budget for your consideration and vote at a Town Budget Referendum to be held on Tuesday, May 5, 2026. The Board of Finance approved this proposed budget at their Special Meeting on March 30, 2026.

CONTENTS OF THE FY 2026-27 PROPOSED BUDGET

A Mill Rate Statement (page B-1) follows this message. This *Statement* shows the projected property tax mill rate that would result from adoption of the total budget as presented. This mill rate is calculated by dividing the required property taxes needed to support the total proposed General Government and Education Budget by the Town's net assessed value amount or Grand List.

A Summary Chart Comparison (B-2), which summarizes the General Government, Capital Improvement, and Education expenses and revenues. This *comparison* shows the proposed year over year change and associated mill rate by category.

The next section is the Summary of General Operating Revenues (page C-1). This *Summary* has the detailed, estimated revenues, including property and non-property taxes which fund the proposed General Government and Education Budgets. The Town Administrator prepares the estimates of general operating revenues from the Governor's proposed state budget, estimates of Town operational revenues, and other miscellaneous revenue sources.

An Expenditure Summary (page E-1), which shows the current year budgets and next year's appropriation requests, including the lump-sum Education Budget, follows the Operating Revenues Summary. This *Summary* shows current budget amounts, departmental expenditure activity, and next year's requests for the Town Operations Budget, the Debt Service Budget and Capital Project Fund, on separate lines. The bottom line of the *Summary* is the total of all General Fund budgets for the Town of Chaplin.

Following the Expenditure Summary, the individual *Town Operations* and *Debt Service Budgets* are presented and offer details on the appropriation requests for Town departmental services, retirement of debt, and support for other activities. Each of the departmental appropriations is presented reflecting the functional appropriations to cumulate into the department total appropriation. The total department appropriation becomes the legal appropriation to guide and regulate expenditures when adopted by the voters.

BUDGET OVERVIEW

The Board of Finance is responsible for reviewing the proposed budget requests submitted by Town Departments/Agencies and the Board of Education and approving the General Government, Capital Projects, and Education Budgets that are submitted to the Annual Town Budget Meeting. These requests were reviewed and deliberated by the Board of Finance over the course of several meetings. The General Government Budget is a combination of the Town Operations Budget, Debt Service Budget, and Capital Project Fund Contribution.

This budget message includes an analysis of the required property taxes and the mill rates to support General Government, Capital Projects Fund, and Education activities. This analysis is shown in the Exhibits on page B-2. The respective property taxes needed for the General Government, Capital Projects, and Education activities are calculated by reducing the respective appropriation requests by the estimated non-property tax revenues historically deemed to support General Government and Education activities.

These “net” appropriations are divided by the net assessed value (Grand List) to calculate separate mill rates for General Government, Capital Projects, and Education activities. These three mill rates are then totaled to show a mill rate for all activities.

GENERAL GOVERNMENT BUDGETS

General Government Operations Budgets

The General Government budgets are comprised of several categories. These categories are Town Operations, Debt Service appropriations, and Capital Project Fund contributions. These budgets collectively form the General Government Budget. The individual category changes are as follows:

- The proposed Town Operations Budget represents an increase of \$51,667 or 2.30% as compared to the current fiscal year.
- Proposed Debt Service appropriation has decreased as FY 26 was the final year for the energy efficiency payments
- This proposal also reduces the utilization of Fund Balance for operational purposes from \$124,564 to \$0. This increases the amount needed to be covered by property taxes and increases the mill rate by 0.51 mills.

The required property taxes to support the proposed combined General Government Budget will be \$1,604,739, an increase of \$63,762 or 4.14%, as compared to the 2025-26 budget. That figure represents 19.8% of all taxes required to support the proposed total FY 2026-27 budget(s). The estimated mill rate for this proposed budget is 7.232 mills, which is a 0.317 mill increase, as compared to FY 2025-26.

EDUCATION BUDGET

Chaplin Board of Education-Chaplin Elementary School

The Board of Education (BoE) approved its proposed budget on March 11, 2026. The budget approved by the BoE for FY 2026-27 totals \$4,303,507, an increase of \$204,036 or 4.98%, as compared to the current year’s Chaplin Elementary Budget. After careful deliberation and review of new outplacements the Board of Finance supported the initial request of the BoE. A copy of the BoE budget is attached at the back of this document under section G.

Regional School District 11 (RSD11) Assessment

The RSD11 Board approved its proposed budget on March 24, 2026. The budget approved by RSD11 for FY 2026-27 totals \$7,508,150, an increase of \$232,268 or 3.19%. However, the Chaplin Assessment allocation percentage has decreased from 52.76% to 50.50%, resulting in a proposed reduction in Chaplin's educational costs for RSD11 Assessment of \$69,268 or -1.83%.

Fund Balance – Unassigned Fund Balance

It is essential that a government maintain adequate levels of unassigned fund balance to mitigate current and future risks such as revenue shortfalls, unanticipated expenditures and to ensure stable tax rates. The Government Finance Officer Association (GFOA) recommends municipalities maintain an Unassigned Fund Balance for the General Fund of not less than two months of regular general fund operating expenditures. This recommendation should include an evaluation of the municipalities' risk factors related to:

1. Predictability and stability of revenue sources
2. Stability of state and federal grant sources
3. Financial and economic disruptions such as severe weather impacts, infrastructure failure, recessions, and unforeseen educational expenditures.

Included is a chart (see page B-3) outlining the Town's Unassigned Fund Balance and Fund Balance utilization for the last 5 years. The Town's estimated Unassigned Fund Balance at the end of Fiscal Year 2025-26 is \$1,116,346 or 11.02%.

Factors Affecting the FY 2026-27 Budget:

When preparing the proposed FY 2026-27 General Government Budget, many factors were considered including analysis of current and historic spending trends, alternative staffing strategies, the evaluation of funding long term liabilities, and community goals/needs. This budget was developed with the goal of minimizing any tax impact while still addressing the community needs. Management continues to evaluate all aspects of Town government to provide efficiency and improved service to the community.

The following is an outline of some of the more significant changes in the proposed FY 2026-27 budget:

Revenue:

There is a proposed decrease in Investment Income based on historical trends. Also, there is a new grant revenue (RPIP) in the amount of \$52,375 recognized in relation to the Interlocal Agreement with Mansfield to provide Assessment and Tax Collection Services. The grant application has been submitted and is under review.

Expenditure:

Below are the major highlights of budgetary proposals incorporated in the proposed budget. Further details are included on the individual departmental budget pages.

General Government department has several areas of proposed increases:

1. Ambulance Assessment has a proposed increase of \$15,000. The Town is still in negotiations with the service provider.
2. Animal Control has increased by \$3,120 due to increased costs of service and veterinary fees.
3. NECCOG Town Administrator program has increased by \$14,011 due to the step down in grant funding. This is the 3rd year of increase as the program has been implemented under a Regional Performance Improvement Program (RPIP) grant.

The Assessor proposed budget reflects an increase due to changing Assessment services to an interlocal agreement with the Town of Mansfield. Currently, Chaplin employees an assessor part time (4 hours per week). This new agreement will allow the residents to access the Mansfield Assessor department throughout the workweek. The Town is also transitioning the Tax Collection service from Windham to Mansfield. This overall contractual change is an increase of \$17,084. This increase is offset by the RPIP grant revenue of \$52,375.

The Registrars Elections & Primaries proposed budget reflects an increase of \$3,275 due to increased workload for Registrars and Election Worker due to early voting requirements. There are increases in training and tabulator maintenance due to the State's change in election systems and required maintenance costs.

Volunteer Fire Department proposed budget has an increase of \$10,100 due to the addition of \$3,000 for building maintenance, increased costs in maintenance contract costs of \$1,800, increased fuel costs of \$950 and an increase of \$4,000 in equipment costs.

CONCLUSION

This budget proposal recognizes the community's primary goals and the carefully considered plans of departments and agencies to implement the long and short-term goals of the Town. The Board of Finance worked diligently to review each request and make prudent modifications. The Town continually strives to look for the best way to provide services at the best cost.

A Public Hearing on the Board of Education and Town's Budgets is scheduled for April 13, 2026, 7:00 pm at the Chaplin Senior Center. The Annual Town Budget Meeting is scheduled for April 27, 2026, and will be adjourned to a machine vote scheduled for May 5, 2026.

In closing, on behalf of the Board of Finance, I wish to thank the various Town agencies, the Board of Education and School Administration, and our elected/appointed officials for their cooperation throughout this budget process. Finally, I extend the Board's gratitude to our Town Hall staff and our NECCOG Town Administrators for their many hours of gracious assistance in preparing this budget for presentation to you.

Respectfully submitted for the Board of Finance,
Richard G. Weingart, Chairperson

Ambulance Assessment - The Town is in current negotiations with Windham for ambulance service. Initial discussions indicate the costs have significantly increased since the last contract renewal. While negotiations is still under negotiations, we anticipate a significant increase in the annual assessment.

IT Services - This is being consolidated to one service provider. The service provider will be supporting the network, security systems and monitoring.
