Shari Smith

Discussion by Linda Roman and Janeen Rose about meeting that they attended along with First Selectman earlier in the year in Plantsville CT at the Aqua Turf Club that is marketed to small towns. Their version of a "small town" is Cheshire CT with a population of 35,000!!! Big waste of time for small towns like Chaplin.

Jordan Lumpkins will be our network coordinator for ideas to market Chaplin.

Old business

No old business

New business

Clint Slowik discussed "Focus" identity for business's coming to Chaplin (?)

Linda Roman brought up new housing being built turning into neighborhoods versus rural farm feel. How the landscape is and will be changing.

Our (this committee's) primary demographic should be to focus on getting young professionals working at UCONN and Eastern (for instance) to want to move to Chaplin.

Will want to talk to Jorden Lumpkins for ideas and networking.

7:50 p.m. Motion to Adjourn Clint Slowik seconded by Linda Roman
