3. Committee Reports and Discussion

Costs - John Burnham reported the committee has heard back from four towns. The figures came back in different formats and need to be organized. John will share electronic copies with the board chairs and they will disseminate the information to their board members. The group discussed the need for individual elementary boards to discuss the program that they would provide for seventh and eighth graders if those grades were placed into the elementary boards' programs. The group also discussed requesting Eastconn provide a workshop for small districts to discuss common issues.

Survey – Maryellen Donnelly reported the committee is waiting to for the answer to a legal question to finish the survey. The voter lists are collated and need to be reviewed to remove voters who are no longer eligible.

Shared Services – Rose Bisson reported the committee is not making much progress. Attendance at meetings has been an issue.

4. FOI Request Made by the Four Board Chairs

Rose Bisson reported that the four chairs received a reply to their FOI request. There are some funds remaining, approximately \$5,800. The Scotland Board of Selectmen voted not to release the funds unless it was to a study committee formed to study either dissolution of Regional District 11 or a study of addition/withdrawal of grades to Regional District 11.

5. Discussion of Advantages and Disadvantages of Requesting a Study of Adding or Withdrawing Grades from Regional School District 11
